Who Deborah works with

Discerning homeowners, busy professional and dual-income households, seasonal residents and frequent travellers in Bishopscourt, Constantia, the Atlantic Seaboard and selected nearby upmarket suburbs.

How the service works

Tailored monthly retainers support recurring home oversight. Moves, organisation, styling, small functions and other one-off work are scoped separately. Purchases require prior approval and client-provided funds or an approved payment method.

Clear professional boundaries

Deborah coordinates and oversees agreed requirements; she does not personally provide cleaning, housekeeping or cooking, access bank accounts, advance personal funds, provide childcare or medical support, sign client contracts, or perform specialist building work.
